

the next day.

IRAWADDY SQUIRREL (*Callosciurus pygerythrus*) – Common in the Tingtibi area. a.k.a. Hoary-bellied Squirrel.

HIMALAYAN STRIPED SQUIRREL (*Tamiops maccllellandi*) – The one that looks like a chipmunk. Regular in small numbers.

HIMALAYAN GROUND-SQUIRREL (*Dremomys lokriah*) – The squirrel that has mastered the space-time continuum, here now, across the road through a rip in the fabric. At least we had a couple of people to explain it to us. a.k.a. Orange-bellied Ground-Squirrel of the Trees. And remember, If You Are Married, Divorce Speed, for your sake and the sake of the squirrels crossing the road the normal way.

YELLOW-THROATED MARTEN (*Martes flavigula*) – Seen twice, both times briefly for a minority of the group.

MUNTJAC (BARKING DEER) (*Muntiacus muntjak*) – Noisy deer were heard on four days above Yongkola and Tingtibi. [*]
